Dark Squadron—Dead Ahead!

Get to your battle station, space jockey! You're in for the fight of your life in this, the ultimate outer-space shoot 'em up—Blazing Lazers!

Seated at the helm of 80 tons of awesome firepower—a Gunhed Star Fighter—you've just run into the ruthless Dark Squadron. Dangerously close to the Earth, they threaten to destroy the world with 8 Super Weapons. Only you and your Star Fighter's blazing lazars and bombs stand between them and certain destruction. Plan your strategy and power up with the 8 different enhancements that appear—you'll need more than straight shooting to fight your way out of this one!

using the SELECT Button (speeds are shown on the screen by the triangular mark(s) under the score).

Firing Your Weapons

Your Star Fighter carries two types of weapons: a powerful lazer cannon (Button II)

and cluster bombs (Button I). The power of the lazer cannon can be changed and enhanced by acquiring certain "power up" items and

gel capsules along the way. The cluster bombs produce powerful explosions which inflict substantial damage on all surrounding aliens. The number of bombs remaining is displayed in the lower right-hand corner of the screen, and only this number of bombs can be used!

Increasing Firepower

As you move to higher levels, the power of your laser cannon can also be increased by capturing gel capsules that are dropped by certain enemies.

Photon Blaster

Each laser blast produces up to three explosions.

Field Thunder

A powerful laser stream. As your level increases, the laser will change its field of attack and pattern.

Characters Possessing Power Up "Gels"

Playing Tips

Your Gunhed Star Fighter uses a variety of weapons and gel enhancements. The first step toward stopping the enemy and their leader is to increase your ship's power by efficiently using the available weapons in the proper areas where they are needed. In particular, you should base your decision about whether or not to take a power-up gel upon its suitability for the attack pattern of each enemy character and boss.
